

Navy Upset By Globe In Third Match

It took two hundred minutes for the Navy Sports Club and the Globe to play the third match of the preliminary round of the Submarine Shell Football Tournament at the St. Xavier's College, Guntur, on Tuesday. The Navy, who were the defending champions, were upset by the Globe in the third match. The match was a close contest, with the Navy leading 2-1 at half-time. However, the Globe scored two goals in the second half to win the match 3-2. The Navy players were disappointed, but the manager, Mr. J. V. C. Jayakar, said that the team was young and needed more experience. He said that the team would be back in action next week.

ROLE OF PRESS UNDER NEW CONSTITUTION Vice-President's Plea To Raise People's Level

NEW DELHI, September 16. It was the duty of the Press to produce the "climate of opinion" which would help the Government to achieve its objectives as stated in the Constitution accepted by the people, said Dr. S. Radhakrishnan, Vice-President of the Indian Union, addressing the tenth annual session of the All-India Newspaper Editors' Conference which he inaugurated today.

Addressing the editors, the Vice-President said: "You must not give the public what they want but make the public want what you give it."

"It is my earnest hope and desire that the Press of India which has a very high reputation in the world may continue to do its important work in a responsible way and strengthen our country in the national and international spheres."

Referring to the role of the press in the new constitution, Dr. Radhakrishnan said: "The press is the greatest representative of your profession who guided our activities in difficult days asked us to bring individuals and nations to a common level. His advice, I hope, has entered into our blood-stream."

FAITH IN DEMOCRACY

"Our newspapers with rare exceptions stand up for faith in democracy. There are some papers, extreme views, which do not always maintain high standards but as a class, Indian newspapers have been helpful to the Government and to the people of the country. There are some papers, extreme views, which do not always maintain high standards but as a class, Indian newspapers have been helpful to the Government and to the people of the country."

Dr. Radhakrishnan said that the press had a great responsibility to play in the new constitution. He said that the press should not only report the news but should also educate the public. He said that the press should not only report the news but should also educate the public.

Dr. Radhakrishnan said that the press had a great responsibility to play in the new constitution. He said that the press should not only report the news but should also educate the public. He said that the press should not only report the news but should also educate the public.

"BE FAIR TO WORKERS" Minister's Advice To Gas Firm

Mr. Shantilal Shah, Labour Minister of Bombay, has called upon the Bombay Gas Company to be fair to its workers. He said that the company should not be too hard on workers who were innocent victims of union leaders.

Mr. Shah administered this warning to company officials who met him on Tuesday to acquaint him with the situation following the resumption of work by the gas employees.

Mr. Shah told the officials that the company should be fair to all workers particularly to those who had been charge-sheeted and should not be vindictive. Although the strike had ended, the company should treat the workers with sympathy and consideration.

The Minister told Mr. K. N. Jogalekar, leader of the Bombay Gas Workers' Union, that if the demands put forward by the union had been properly and carefully drafted, many of them which were rejected by the Government would have been referred to adjudication.

Mr. Jogalekar, who called on the Minister to request him to urge the Gas Company to take back to work the 100 charge-sheeted workers was told by Mr. Shah that the union could approach the Industrial Disputes Act, 1947, for redress of its grievances under Section 33 of the Industrial Disputes Act. The Government, he said, could not intervene in this matter.

If the Union felt that the company's action caused real hardship to workers, it could ask the Tribunal to fix an early date for the award of the award. The Minister told Mr. Jogalekar that the company, in normal course, would have to obtain the permission of the Tribunal to take action against the charge-sheeted workers.

Dockyard Unions' Dispute Settled EQUAL SHARING OF FUNDS

A longstanding dispute between two factions of the employees of the Indian Naval Dockyard for possession of the funds of the Dockyard Workers' Union ended in a consent order from a Division Bench of the Bombay High Court by which the union's funds, amounting to Rs. 13,000, are to be divided equally between the Dockyard Workers' Union and the Dockyard Employees' Union.

The consent order was made in an appeal filed by Mr. Daji S. Kamli, President of the Dockyard Workers' Union against the decision of Mr. Justice Shah in a suit brought by L. S. Rokde and a few other members of the union claiming to be the true representatives of the union.

Mr. Justice Shah had decreed the action, with the union and others for the recovery of Rs. 10,000, also declared that the plaintiffs were the true representatives of the union.

In giving the consent order, the Division Bench stated that the best thing is to divide the sum, which admittedly belonged originally to the Naval Dockyard Workers' Union, between the two unions, between the original union and the new union. The consent decree would be in the interests of the workers of the dockyard, the Division Bench stated while setting aside the decrees.

Mr. K. T. Desai, with Mr. H. R. Pardiwalla and Mr. D. H. Buch, appeared for the appellant; Mr. T. Desai, with Mr. L. M. Jhaveri, appeared for the respondents.

THE REST OF THE NEWS

A sub-committee of the Central Hindi Shiksha Samiti has been set up by the Ministry of Education, Government of India, to examine the different Hindi grammars which are in use today and to report how far they are suitable for the purpose of teaching Hindi Shiksha Samiti has been a press note.

Fifty anti-Communist pickets of the Czech National Council of the U.S., with a band playing Chopin's funeral march greeted Mr. Valerian A. Zozin, new Russian delegate to the U.N. and M. George Zarubin, new Russian Ambassador to the U.S., when they arrived in New York on Monday.

The West German Chancellor, Herr Konrad Adenauer, on Tuesday criticised Dr. Hermann Ehlers, President of the Bundestag (Lower House) for agreeing to receive an East German Parliamentary delegation in Bonn on Monday next.

MANGALORE PORT

Mangalore port, officially closed for traffic since May on account of rough seas during the monsoon, has been reopened for traffic. Regular passenger traffic between Mangalore and Bombay is expected to be resumed shortly.

Some unknown persons, it is stated, entered a shop dealing in watches, situated on Falton Road, Bombay, by removing the tiles from the roof of the shop and dived in with a 7,000 worth of watches on Sunday night. The police are making inquiries.

"SATEE" IN M.P.

A 22-year-old woman of the village of Khilriya in Saugor District (M.P.), recently committed "satee" by burning herself with her husband's body, an agency message from Jabalpur.

The Director-General of posts and Telegraphs announced on Tuesday that the concessional rates for inland multiple press telegrams introduced on May 15, 1950, would be extended upto September 30, 1952.

The discovery of an insecticide described as having three times the power of D.D.T. against four beetles has been claimed by Dr. Roland M. Kary of the American Smelting and Refining Company.

MALARIA

Is the greatest destroyer of human life.

At least 500 million people will suffer from malaria this year and of those at least three million will die!

Grasp the Saring Hand of QUININE!

QUININE has been the mainstay in the treatment of malaria for the last 130 years. A daily dose of 1 gram to 1.3 grams (15 to 20 grains) of QUININE for a period of 5 to 7 days will successfully cure an acute attack of malaria.

In relapsing Malaria the best chance of radical cure is offered by a 14-day course of QUININEX a combination of Quinine sulphate and Pentastigmine phosphate, to be taken only under medical supervision. Imported by: Martin & Harris Ltd., Savoy Chambers, Wallace Street, Fort, Bombay.

League-Congress Pact in Madras COUNTERING REDS IN CIVIC POLL

MADRAS, September 16: The Muslim League and the Congress have agreed to support each other in the forthcoming municipal elections in Madras State, according to the President of the League, Mr. Mohammed Ismail, who said that the League had agreed to the election alliance in order to counter the menace of communism which, in his opinion, seeks "to destroy the very foundation of all that is good in humanity."

Under the agreement, the League shall be allotted seats in each municipality on the basis of the Muslim population. The Congress will not set up candidates for such seats. With regard to other seats, the League will support Congress candidates.

The League President has appealed to Muslims "to honour the understanding and to enthusiastically implement it on the polling day."

Banaras: Mr. Asoka Mehta, General Secretary of the Socialist Party, said here today that he was "shocked" to read about the agreement reached between the Congress Party and Muslim League in Madras State.

"For winning a few seats communism is not being resented but recognised," he said. The arrangement "is not merely the end of our secularism, but also the endorsement of the two-nation theory."

"The Congress President had not spared the Socialists for their alliance with the Scheduled Castes' Federation, which was made on grounds of social mobility. How is he going to resist the alliance with the League that is made on purely political grounds?" he asked.—P.T.I.

SPEAKEASY FOR CITY CLERKS 3 Arrested In Raid

A "Speakeasy" at which bank clerks and employees of commercial firms in the Port area were held up every evening for a "pick-me-up" after a hard day's work was raided by the Bombay Prohibition Police under the supervision of Inspector Balentine on Monday.

Situated in a room in Parai Bazar Street, the shop, according to the police, sold a concoction at Rs. 2 a peg. An extra charge was made for soda-water.

The customers, the police said, were given the impression that they were drinking an imported brandy from a foreign source although on inquiry the drink was found to be no more than a mixture of spirit, chloroform and a syrup made from brown sugar.

A number of bottles of the concoction as also bottles of spirit, chloroform and a still were among the articles seized by the police. Three men—a father and his two sons—have been taken into custody.

Mr. Jagjivan Ram

Mr. Jagjivan Ram, Minister of India, will arrive in Bombay on Tuesday on an official visit. He will leave for Poona on September 20 and return to the city on the following day. On September 22 he will visit Ailbag.

Partial Prohibition Is Not Consistent VIEW OF MYSORE CHIEF MINISTER

"A GOVERNOR costs very much less than a Rajpramukh, but my Rajpramukh does not give me any trouble," said Mr. K. Hanumanthayya, Chief Minister of Mysore, in an informal talk with journalists in Bombay today.

Facing a barrage of questions on a variety of subjects, from the turf to tourism, the Chief Minister said that "partial prohibition is neither consistent nor right."

The consensus of opinion in the Congress organisation on prohibition was that if total prohibition could not be enforced, it should be scrapped. Mysore had gone half way and stopped.

Mr. Hanumanthayya would not subscribe to the view that horse racing had a "demoralising influence." On the contrary, "it has an exhilarating effect on my budget," he added.

DECONTROL OF FOOD

He was in favour of lifting control on food. Except in Bangalore and the Kolar Gold Field area, food grains were now off the control. He very much liked to include the gold mining district too to the de-rationed area, but Communists, who gained control over the working class population of the district, were against it. "In fact, I lifted control on food two months ahead of Mr. Rajagopalachari," he said.

People in some parts of Mysore State were beginning to feel the pinch of hunger, the Chief Minister stated. He had ordered stocks of food grains in the State, but the people did not have the purchasing capacity. The Prime Minister Mr. Nehru and Mr. K. D. Jadhav, Minister of Food, were likely to tour the area in distress in a month or two, he said.

Referring to the abolition of the Mysore State flag, Mr. Hanumanthayya said that he was not in favour of it. He said that there should be only one flag for the country. Kashmir, he thought, was being treated on a "different footing" and for a good reason.

He did not think that abolition of English as a medium of instruction would be necessary. Students in Mysore preferred English to Kannada as a medium of instruction.

Asked about changes in the Congress constitution, Mr. Hanumanthayya stated that in his view better co-ordination between

Bombay Arrivals

Mr. I. S. Haji, former Presidency Magistrate, Bombay, returned from a three-month holiday tour of Europe by the R. M. S. "Himalaya" on Tuesday. He was accompanied by Mrs. Haji.

Mr. Haji, during his sojourn abroad, met the Aga Khan who, he said, was now in better health. Mr. Haji also met Mr. B. G. Kher, India's High Commissioner in London, who asked him to convey his "love to Bombay."

Miss Pooja Eruch Gollwala, who recently obtained her M. A. degree from Columbia University, was among the other passengers who disembarked at the station in Bombay. She visited educational institutions in America and Europe to gain experience of school management.

City Master Plan Implementation "Finances Inadequate"

The Greater Bombay Master Plan could not be implemented soon because of the strained financial circumstances in which the Corporation was placed and the Municipality was, therefore, pursuing a negative policy of just asking for money and not doing anything to improve the financial position of the Plan, said Mr. N. V. Modak, Special Engineer of the Municipality, in Bombay on Tuesday.

Mr. Modak, who was speaking at the Town and Country Planning Symposium, described the various details of the Master Plan and said that it was not impossible to modify the Plan here and there as it was quite flexible. While drawing the Plan, he said, that such a scheme should provide a full measure of civic life to the citizens had been taken into consideration, he added.

The Special Engineer regretted that the Municipality could not control the building activity between Jogeshwari and Bassein Creek in order to prevent any possible interference with the proposals contained in the Master Plan, stating that as the Plan included the region between those two places, it would be advantageous to have a control now itself on the building activity there.

Dr. (Miss) A. G. Dastur, lecturer in the University Schools of Economics and Sociology, emphasised the need for giving drainage facilities primary importance in any town planning scheme.

Mr. P. R. Nayak, Municipal Commissioner, presided.

Late Mr. Mashruvalla

The Bombay Pradesh Congress Committee, on Tuesday, mourned the death of Mr. K. G. Mashruvalla.

Mr. S. K. Patil, President of the B.P.C.C., paid a tribute to the services rendered by Mr. Mashruvalla to the country and said that the death of Mr. Mashruvalla was a great loss to the very few disciples of Gandhiji who had faithfully interpreted his philosophy and teachings to the people.

A resolution passed at a public meeting held in Bombay on Tuesday under the auspices of the B.P.C.C. said that in the passing away of Mr. Mashruvalla, the country had lost a great patriot, a social reformer and a man of sterling qualities.

The resolution moved by Mr. Patil was supported among others by Mr. Shantilal Shah, Labour Minister, Mr. G. N. Desai, Mayor of Bombay, Mr. Kedarnathji and Mrs. Jaishree Rajhans.

Engagements For Today

Law College Union: Prof. Mrs. Anushka Fahmy of Cairo University on "Egypt—Her People and Youth." Churchgate, 1 p.m.
