To all our Indian friends,  
staff and students,  
on the occasion of  
India's Independence.

BRITISH INSTITUTE OF ENGINEERING

BRITISH INSTITUTE OF COMMERCE &  
ACCOUNTANCY.

LINGUAPHONE (INDIA) LTD.

Heralding this epoch-making day when  
Mother India is released from her  
Bond of Slavery, we proudly take the  
following pledge:

With the dawn of Indian Independence we  
pledge ourselves to be of greater service to our  
country and to our people. We shall also march  
forward and instead of being mere importers, shall  
shortly announce our plans and present to the public  
in due course a RADIO made in India but equal  
in every respect to imported ones.

We shall also endeavour to maintain the price of  
Indian-made Radios as low as possible so that we  
can cater to the needs of our poorer classes as well.

Expansion of Industry is not only  
the theme of to-day, it is the driving  
force behind our will to prosperity.

By organising distribution—distribution  
in tune with the times and with  
your own particular objectives—you  
not only reach an expanding market  
but at the same time you set the wheels of production driving at  
the right speed.

That such organisation will be possible even in to-morrow's  
spacious markets is proved by the many successful distribution  
agencies we already operate.
