### DEBATE ON DRAFT CONSTITUTION OF INDIA

#### Assembly Rejects Amendments

NEW DELHI, November 17: The Constituent Assembly, today, accepted Pandit Govind Ballabh Pant's suggestion to hold over discussion on a number of amendments relating to the changing of the name "India" to "Bharatavarsha," "Bharat" or "Hindustan".

After a number of amendments to Article I had been disposed of, the Vice-President, Mr. H. C. Mukherjee, who was in the chair, called upon Mr. Loknath Mishra, to move his amendment suggesting that India should be renamed "Bharatavarsha". At this stage Pandit Govind Ballabh Pant rose to suggest that discussion on such amendments should be postponed.

The Vice-President announced that he would hold over discussion of the subject until sufficient time had been given to arrive at some understanding.

#### INDEPENDENT STATES

When the Assembly met today to resume clause-by-clause consideration of the Draft Constitution, Prof. K. T. Shah moved an amendment to enable such of the territories which would not be in the Union of India when the Constitution came into force, to join by accession or voluntary agreement or otherwise without any amendment to the Constitution.

Dr. Ambedkar opposed the amendment which was lost when put to the vote.

The House also negatived another amendment of Prof. K. T. Shah which sought to do away with all the distinctions as between Provinces and States—between the various units in the course of the next 10 years and sug-

## Good furniture— an Investment!

For good furniture, good money, but good money doesn't mean exorbitant prices. It just means that first class material and superb craftsmanship cannot be priced the same as shoddy bazaar-made furniture. The extra cost is an investment: good furniture lasts longer and is an adornment and exhibition of good taste. Bhawsar furniture is made for people of discernment.

### MADANLAL DENIES CHARGES

#### Examination In Godse Trial

NEW DELHI, November 17: Madanlal, the fourth accused in the Mahatma Gandhi murder case, was further examined this morning by the Special Judge, Mr. Atma Charan.

Judge: On January 20, Apte and Karkare met you at the Hindu Mahasabha Bhawan and you and Karkare were asked by Apte to proceed to the Marina Hotel. You, Narayan Godse, Apte, Karkare, Gopal Godse, Shankar, Badge and you then met in the Marina Hotel. Gopal Godse repaired a revolver and you, Apte and Karkare fixed fuse wires in gun cotton slabs and detonators in hand-grenades. Narayan Godse said to Badge: "Badge, this is our last effort. The work must be accomplished. Please see to it that everything is arranged properly."

Madanlal: This is totally false. On January 18 at about 1 p.m. I heard that Mahatma Gandhi had broken his fast after obtaining seven conditions to be fulfilled. I got a little agitated. A meeting was to be held at Urdu Park which was to be addressed by Maulana Azad. So I went there. There I learned that at Sabzi Mandi, Pandit Nehru and Jai Prakash Narayan had been arrested. From there I proceeded to Sabzi Mandi. There I interrupted Jai Prakash Narayan in his speech and wanted to give a reply, but, in the meantime, Pandit Nehru came and addressed the meeting. I also interrupted him but the plain clothes police men took me out of the meeting.

"From there, I proceeded to a refugee camp to canvass for a deputation to Mahatma Gandhi. Mahatma Gandhi was not attending the prayers due to weakness, but in the morning of January 20 I learned that he would attend prayers that evening."

"That day in the refugee camp, I met Badge who told me that he had come to Delhi to sell arms and explosives amongst the refugees. He also showed me the stock of the arms and explosives which he was keeping in a trunk in the refugee barracks. He had about 25 hand-grenades, about 20 gun cotton slabs and a large number of small pistols and revolvers. He also had steel jackets and swords. He then gave me a hand-grenade and a gun cotton slab. During the talks, he told me that he and his colleagues, who were staying in the Marina Hotel, were also contemplating to take a deputation to Mahatma Gandhi."

**BOMBAY IDENTIFICATION**

Madanlal denied that prior to January 15, he knew any of the accused except Karkare.

Madanlal: I was in Bombay at the time of the identification by different witnesses at Bombay, he had nothing to complain, but the C.I.D. lock-up where he was kept, Madanlal added, was open to the public. Moreover, he was shown to various sorts of people as exhibits in an exhibition.

Replying to a general question, Madanlal said: "At the Delhi Civil Lines Police Station where I was kept till February 3, Inspector Bal Krishan confronted me with some documentary evidence to the effect that I was in conspiracy with the R.S.S. workers of Jullundur and Amritsar, to commit the murder of Mahatma Gandhi. After the assassination of Mahatma Gandhi, Inspector Bal Krishan began to tell me that I was in league with the film actor Prithviraj Kapoor and Sardar V. K. Singh Sher-Punjab Hotel, Bombay, who had conspired to kill Mahatma Gandhi. On February 4, when I was flown to Bombay, I saw Badge being tortured by the police at the C.I.D. office at Bombay. I told them that this was under the C.I.D. had given me the gun-cotton slab and hand-grenade. Police replied that they knew everything about me. Badge was then taken to Poona."

"Later, Khan Sahib Umar Khan told me that I knew Narayan Godse, Narain Apte and Savarkar and that I was in conspiracy with them."

Madanlal also said that he did not propose to produce any evidence in rebuttal of the prosecution allegations or in support of the allegations he made.

The Court adjourned till tomorrow when Shankar Kistayya, servant of the accused Badge will be examined.

### India And Indonesia

India had no enemies in the world and she would in future maintain the friendliest relations with other nations.

Mr. N. Raghavan, India's Ambassador-designate to Czechoslovakia, said at a reception given to him by the Kerala Samaj in Bombay on Wednesday.

Mr. Raghavan, who is India's diplomatic representative in Indonesia, said that India's sympathy and understanding had gained her a high place of prestige in that country. The close cultural and economic ties that bound Indonesia and India together, did not mean India's hostility towards the Netherlands with whom the Indonesians were in conflict. In keeping with her dignity, India was ready to have perfect cordial relations with every other country in the world, he added.

### Cloth With Rail Passenger

#### AHMEDABAD COURT'S JUDGMENT

From Our Staff Correspondent

AHMEDABAD, November 17: A decision of far-reaching importance in control authorities in a case of alleged contravention of the Textile (Control of Movement) Order, which may lead to the withdrawal of several pending prosecutions, was rendered in appeal by the Additional Sessions Judge of Ahmedabad, Mr. J. A. Clarence-Smith, who has held that merely to go into a train with cloth in excess of what is permitted to be transported as personal luggage does not amount to completion of an offence.

The accused appellant in the case was convicted by Mr. N. K. Dhamdhare, Special Magistrate (Cloth) of the First Class, Ahmedabad, of an offence under the Order for having attempted to transport cloth and sentenced to three months R.I. and a fine of Rs. 200 in default three months' further imprisonment. The accused challenged the conviction and sentence.

Giving judgment, the Sessions Judge observed that the important question in the appeal was whether there had, in fact, been a contravention of the Order. What the Order prohibited was the causing of the transport of cloth by rail or the offer of cloth for transport by rail. It was conceded by the Public Prosecutor that merely to go into a train with cloth, although in some sense that amounted to offering it for transport, was not what was intended by the Order and he agreed with him that what was intended was an offer to some particular person and that what was really meant was the booking of cloth by rail.

**PREPARATIONS FOR TRANSPORT**

It was not contended by the prosecution that the accused actually caused the transport of cloth by rail for the train had not yet started under the Essential Supply Temporary Powers Act only attempt was punishable and not preparation for an offence. The question, therefore, was whether to take one's seat in a train with merchandise still got out of the train with his trunks, although it was certainly true that he would have found considerable difficulty in doing so owing to the overcrowding in the compartment. In the circumstances the court allowed the appeal and acquitted the accused.

### BREACH OF CLOTH ORDER

#### Business Man Fined

A substantive sentence of six months' rigorous imprisonment and an aggregate fine of Rs. 4,000, in default, further rigorous imprisonment for 15 months, was passed on Mohandas Bharumal (35), a Bombay business man and commission agent, dealing in cloth, when he was tried for breaching his name, by Mr. J. M. Barot Presidency Magistrate, Mazagon Police Court, Bombay, on Wednesday on three separate charges under the Textile (Control of Movement) Order 1945 and Bombay Cloth Rationing Order 1945.

According to the prosecution, the accused, during the month of May 1947, had purchased and was found in possession of three "untex" marked bales of cloth, containing 120 pieces each 39 yards in length, of pre-August 1943 manufacture.

He was further alleged to have obtained from a Calcutta firm of cloth dealers through their commission agents in Bombay, Messrs. Prabhubdayal Gudramal at Kalbadevi, 138 bales of rationed cloth such as chottas, sarries, poplin and other articles without a permit in contravention of the Bombay Cloth Rationing Order.

The third charge against the accused was that not being an authorised distributor of rationed cloth he supplied and disposed of 82 bales of rationed cloth in wilful violation of the rationing order.

The accused was arrested on April 22 last by C.M. Branch II of the Bombay C. I. D.

### Mr. D. Sandilya

Mr. Sandilya, who will have his headquarters in Bombay is shortly proceeding on an all-India tour.

## PREVENT & CURE RADIATOR RUST-UPS

### Install an ATOM-O-LYTIC Butler De-Scaler

Put atoms to work to prevent cooling system troubles in your car. The Butler De-Scaler prevents scale formation on the metal surfaces of the radiator and engine. Its action is better than chemicals and it retains its effectiveness throughout its long service life—1 year or 25,000 miles. Unlike chemical De-scalers, it removes mud and rust also, and prevents all types of corrosion. Install it in your car and cut down your repair bills.

- ★ Saves the cost of boiling out radiators.
- ★ Eliminates radiator and water-pump repairs.
- ★ Helps engines run cooler—saves oil and petrol.

### Tuberculosis Needn't Scare You!

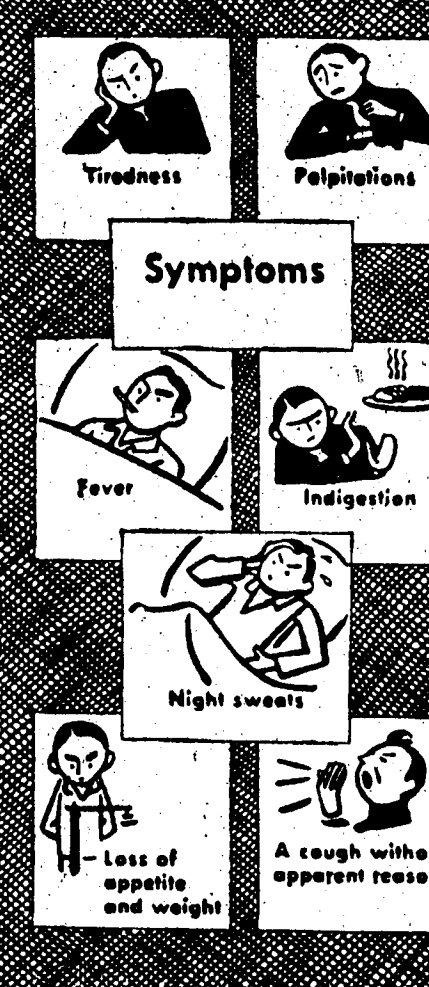

Children, especially teen-age boys and girls, are particularly susceptible to tuberculosis.

**Tuberculosis still kills millions!** Yet it shouldn't! Because today your doctor knows how to control and cure it. However, to be cured, it must be discovered by medical examination early! If you live to be 40 without tuberculosis, chances are you will never get it. But between the ages of 15 and 35, tuberculosis still kills millions every year all over the world. Remember, tuberculosis is a contagious disease. Its germs are spread from the sick to the well!

● You see the name Squibb on your druggist's shelves. You see it, too, on your doctor's prescriptions. For Squibb is one of the world's largest manufacturers of penicillin, streptomycin, vitamins, anesthetics, hormones, and other medicines prescribed by your doctor to restore and safeguard your health. Since 1858, the Squibb Research Laboratories have been finding, perfecting, producing medicines to raise the standard of health and to relieve suffering all over the world.

### Symptoms

If you notice any of these symptoms, see your doctor at once!

**How to beat tuberculosis**

Know its symptoms (shown above). Look out for them, especially in children.

Avoid infection by using pasteurized, or processed milk. Avoid those who cough and spit carelessly. Avoid contact with those who have tuberculosis.

Make sure you're not run down! Get enough sleep and exercise. Eat a variety of nourishing foods. Avoid overwork and "overplay." Have yearly chest X-ray.

To be safe, go yourself, and send your children, for a chest X-ray.

**Why does it pay to have a chest X-ray?**

1. Early TB sometimes gives no warning. But an X-ray will find it.
2. TB found early can be cured.
3. Finding TB, caring for it early, keeps you and others safe.
4. TB found late is harder to cure. Getting well takes longer, costs more.
5. A chest X-ray is the cheapest "health insurance" you can buy.
