"THE SHOCKING MISS PILGRIM"

MADRAS, Aug. 15.

Twentieth Century-Fox's Technicolor musical "The Shocking Miss Pilgrim", costarring Betty Grable and Dick Haymes will be shown at the New Globe from to-day. Set against the colourful background of Boston in the 1870's the picture unfolds the saga of America's first "female typewriter" who stormed the rock-ribbed citadel of the American business office—heretofore a strictly male domain into which no respectable girl would dare poke her nose. It remained for Miss Cynthia Pilgrim, armed with the first typewriter and business college diploma, to take that daring step with results that set prim Boston on its ear and catapulted her handsome, young boss into a world of romance he had never known.

Further recovery tendencies brought early modest gains with occasional enlargement of modest gains with occasional enlargement of activity, but the market subsequently quietened and an irregularity developed with prices recording mixed changes covering one point. When support had been satisfied, sagging tendencies developed owing to lack of follow-up buying which reduced the interim gains about 10 points, though advances averaged about 15 point at noon.
